ABOUT VISTA

Under the auspices of Thakur Educational Trust (TET), the Thakur Institute of Management Studies, Career Development and Research (TIMSCDR) was founded in 2001 with the specific purpose of providing a 2-year postgraduate Master of Computer Applications (MCA) degree that is in line with international standards and current global requirements in the technical education field . The Institute is approved by the Government of Maharashtra, AICTE and is affiliated to the University of Mumbai.

The amazing infrastructure, which is on par with the best institution of its kind in the nation, is a testament to the management's dedication to quality. The expansive campus's lawns, gardens, playgrounds, parking lot, and dormitories guarantee the ideal academic environment necessary for a centre of higher learning.

At TIMSCDR, Instead of focusing on "What to learn?" we ask, "How to learn? The Institute favours human sensibility and empathy and believes that learners should be exposed to a variety of disciplines while ensuring improvement in one particular area. In order to do this, the institute has meticulously developed a special academic model.

At TIMSCDR, the importance of faculty is well understood which is reflected in qualified and experienced teaching staff. A closely monitored quality assurance mechanism ensures proper coverage of syllabus within the right time frame.

Application of modern technology in teaching-learning process and day to day governance of the Institute makes TIMSCDR unique. The Institute has dedicated 50 Mbps broadband internet connectivity and also has WI-FI facility.

The Institute focuses on educating students with knowledge that endures after they graduate and enter the workforce. Experienced faculty and cutting-edge infrastructure have given the curriculum a new dimension. The reformation of one's personality as a whole through extracurricular activities planned by the Student council, Entrepreneur cell, DLLE, and other initiatives have been a hallmark of the Institute

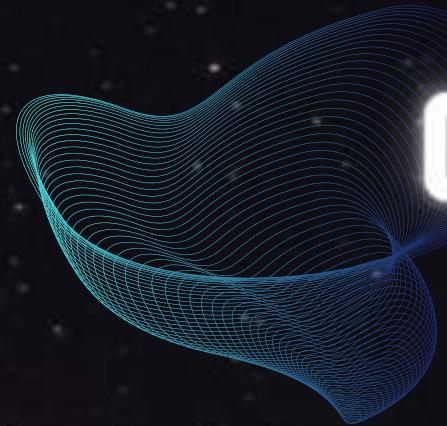

ABOUT VISTA

TIMSCDR is back with much more energy and enthusiasm with its 18th edition of the Annual Techno-Cultural Fest, Vista. Vista 2023 Presents TechTopia which is the ultimate fusion of Technology, Sports and Cultural Events. The fest has a galore of events from hopping on to cultural events to brainstorming at the Technical ones. Vista is a shining example of the students' artistic abilities. The festival is a reflection of the students' highest levels of enthusiasm, who both organised and participated in the festival with great zeal.

VISTA is renowned for holding a range of events, such as contests, exhibitions, lectures, and workshops that offer participants an opportunity to learn from experts and interact with peers from different colleges.. This technical festival was created by TIMSCDR with the intention of giving students a venue to grow and demonstrate their technical prowess. It is now the most anticipated technology event.Vista provides a platform for students to display their skills and knowledge in various technical, sports and cultural domains.

Vista also provides a platform for industry experts to network with students and explore potential collaboration. The events culminate in a large-scale festival that lasts all day on the TIMSCDR campus and draws visitors from all over Mumbai, including students, academics, businesses, and the general public. For two days, a sizable rolling crowd attends the festival, which several celebrities have attended. The students, the cultural coordinator, the teaching and support staff, and others weave and carve this Technical Festival.

GENERAL CODE OF CONDUCT

- It is mandatory for every participant to carry their college ID, other identification proof,etc with them.
- Any inappropriate language or conduct will result in immediate disqualification.
